

MEMORANDUM

TO: Members of the Water Advisory Committee

FROM: Elizabeth Emmett, Information Specialist

DATE: Jan. 23, 2003

RE: Draft text for next bill insert for your review

Draft text for the third in SCWA's series of bill inserts, "What You Need to Know About Recycled Water," is attached for your review. Please carefully consider the descriptions of projects in your area, as well as the contact phone number for your agency.

I will be glad to accept your comments at the February WAC meeting. It would be very helpful if you would print the text and comment in writing, for my records.

We are beginning work on the design, particularly the illustration that will be used to depict the recycling process. I am happy to e-mail a .pdf of the draft design to anyone who is interested; please indicate your interest with a note on the draft text or feel free to send me an e-mail at ememmett@scwa.ca.gov.

Your participation and support are very helpful, and I'm looking forward to having a finished bill insert for your use in late March, April and early May.
